

## About Us

Welcome to PS Consultants & Associates – Your Trusted Partner in Comprehensive Design Engineering Services, Project Management Consultancy, and Facility Management Solutions.

At PS Consultants & Associates, we pride ourselves on being a leading provider of integrated solutions for various industries including API (Active Pharmaceutical Ingredients), Pharma, Biotech and R&D, FMCG, IT and commercial facilities. With a commitment to excellence, innovation, and client satisfaction, we bring a wealth of experience to every project since 2011.

## Our Core Values & Philosophy

PS Consultants & Associates operates on a foundation of core values and a philosophy that guides our actions, decisions, and interactions. Our commitment to excellence, integrity, and client satisfaction forms the basis of our identity. A glimpse of our core values and philosophy:

### **Excellence:**

- **Commitment to Quality:** We are dedicated to delivering the highest quality services, setting industry benchmarks and exceeding client expectations.
- **Continuous Improvement:** We foster a culture of continuous improvement, embracing innovation and staying at the forefront of industry advancements.

### **Integrity:**

- **Ethical Practices:** We conduct our business ethically, adhering to ethical principles and maintaining transparency in all our dealings.
- **Honesty and Accountability:** We value honesty and accountability, taking responsibility for our actions and ensuring trustworthiness in our relationships.

### **Client-Centric Approach:**

- **Client Success:** The success of our clients is our primary focus. We strive to understand their needs and deliver solutions contributing to their achievements.
- **Tailored Solutions:** We recognize the uniqueness of each client and project, providing personalized and customized solutions to address specific requirements within their budget.

## Collaboration and Teamwork:

- **Collective Expertise:** We believe in the power of collaboration and teamwork, tapping into the collective expertise of our diverse professionals to deliver comprehensive solutions.
- **Open Communication:** We encourage open communication, valuing every team member's input and fostering an environment where ideas can thrive.

## Innovation:

- **Forward-Thinking:** Innovation is at the heart of our philosophy. We embrace a forward-thinking approach, leveraging cutting-edge technologies and creative solutions to stay ahead in the industry.
- **Adaptability:** In a rapidly evolving landscape, we remain adaptable and agile, embracing change as an opportunity for growth and improvement.

## Sustainability:

- **Environmental Responsibility:** We are committed to environmental sustainability, integrating eco-friendly practices into our solutions and promoting a responsible approach to resource use.
- **Long-Term Impact:** Our services are designed to have a positive and lasting impact, meeting current needs and contributing to sustainable and resilient outcomes.

## Empowerment:

- **Employee Development:** We invest in the growth and development of our team members, providing opportunities for learning, skill enhancement, and career advancement.
- **Empowering Clients:** We empower our clients by providing them with the knowledge and tools to make informed decisions, fostering a collaborative and empowering relationship.

## Our Prime Sectors

**PS Consultants & Associates' core sectors, where our expertise shines through:**

- Greenfield and Brownfield Projects
- Pharmaceuticals, R&D & Manufacturing (OSD- Pellets, Tablets, Capsules, Dry Powders, Liquids, Injectables)
- Biotechnology
- Diversified Industrial Projects
- Infrastructures – Residential & Commercial.

## Our Services

Welcome to our world of comprehensive services at PS Consultant & Associates, where we specialize in Turnkey Projects that redefine excellence and efficiency across various industries. Explore a brief overview of our diverse offerings:

### **Turnkey Projects:**

At PS Consultants & Associates, we are your one-stop destination for Turnkey Projects, offering end-to-end solutions that seamlessly integrate design, project management, facility management, and innovative technologies.

### **Design Engineering Services:**

From architectural marvels to meticulous civil and MEP (Mechanical, Electrical, and Plumbing) designs, our Design Engineering Services ensure a foundation of precision and innovation. We bring your visions to life with a team of experts committed to delivering cutting-edge solutions tailored to your industry needs.

### **Project Management Consultancy:**

Navigate the complexities of API (Active Pharmaceutical Ingredients), Pharma, Biotech and R&D, FMCG, IT and commercial facilities with our Project Management Consultancy services. From initiation to completion, we leverage our expertise to optimize timelines, costs, and resources, ensuring the successful execution of your projects.

## **Facility Management Services – MEP, Housekeeping and Security:**

Elevate the efficiency and safety of your facilities with our comprehensive Facility Management Services. Covering MEP needs, housekeeping, and security services, we maintain the highest standards of safety and efficiency, providing tailored solutions to enhance the functionality of your spaces.

## **Peer Consultancy and Value Engineering:**

Benefit from our Peer Consultancy services, where our seasoned professionals provide informed decision-making support. Our Value Engineering approach ensures optimal performance and cost-effectiveness without compromising quality, adding value to every aspect of your project.

## **Facility Audits:**

Optimize your operations with our Facility Audits covering Energy Management, Quality Management, Quantity, and Safety Management. We conduct thorough assessments to enhance efficiency, safety, and compliance with industry standards.

## **Process Automation and Integrated Building Management System:**

Step into the future with our state-of-the-art Automation and Integrated Building Management System solutions. Enhance efficiency, sustainability, and security through cutting-edge technologies tailored to your unique requirements.

## **System Validations, Commissioning & Qualifications:**

Ensure compliance and reliability with our meticulous Computerized System Validations, Commissioning, and Qualifications services. We navigate the intricate landscape of computerized systems, ensuring regulatory adherence and system integrity.

### Our Strengths

At PS Consultants & Associates, we recognize that the success of any project lies in finding solutions that fulfil basic functional requirements at the lowest life cycle cost. Our commitment to cost-effectiveness, technical precision, and regulatory adherence positions us as a trusted partner for a diverse range of projects.

**Concept Engineering:** Our strength in Concept Engineering lies in identifying opportunities to enhance overall cost efficiency and system performance. By teaming up with PSCA at an early project stage, clients benefit from our rich and varied experience in setting up pharmaceutical facilities and other industries.

**Basic Engineering:** For structural, mechanical, electrical, plumbing, and firefighting needs, PSCA excels in developing basic engineering designs tailored to your functional and location requirements. Our recommendations prioritize cost-effective solutions while meeting regulatory norms.

**Detailed Engineering:** Efficient, detailed engineering is crucial for project cost control and faster commissioning and validation. PSCA's detailed engineering involves close coordination and synchronization among various disciplines, providing minute data to ensure project success.

**Procurement Assistance:** PSCA stands out in procurement assistance by combining cost-effectiveness with technical expertise. Our approach ensures that procurement aligns with project requirements while maintaining efficiency.

**Site Management:** Our site management services encompass support, supervision, and overall project management. PSCA monitors and controls project schedules, identifies potential delays, and suggests strategies to expedite site work.

**Validation & Qualification:** In the realms of Qualification and validation, PSCA follows good documentation practices and provides expert assistance to ensure regulatory compliance and project success.

## Our Team

### **G. S REDDY – Founder & CEO**

**Professional Experience: 20+ Yrs B.Tech Mechanical Engineering.**

Well experienced in pharmaceutical projects (Oral solid dosages, sterile products, liquids, Injectables and inhalers), biotechnology, and infrastructures. Worked as an Employee with Dr.Reddy's Ltd, Granuels India Ltd, Aurobindo Pharma Ltd, Hetero Drugs Ltd, and Indian Immunologicals Ltd.

Regulatory Audits Exposed: MCC, WHO, MHRA, USFDA.

He worked with infrastructure companies like CB Richard Ellis South Asia Ltd, a multinational Project Management Group multinational company, completed the projects (MEP services) for CA (Computer Associates), ICICI BANK Commercial complex (Financial District, Hyderabad), Manjeera Mall & Multiplex Commercial Complex (Hyderabad), Lonza R&D Centre. He is Expertise at Pharmaceutical process design concepts, Mechanical Systems, etc.

### **E. YADI REDDY – Director**

**Professional Experience: 20+ Yrs with B. Tech Electrical Engineering.**

Experienced in projects of Pharmaceuticals (Oral solid dosages, sterile products, Liquids) and biotechnology. Worked as an employee with Dr. Reddy's Ltd, ECIL Rapisan, Aurobindo Pharma Ltd, CB Richard Ellies South Asia Ltd, Lonza, Pfizer, Sanofi Aventis, Biological-E Ltd etc. Expertise in Pharma Process & Electrical Systems. Regulatory Audits Exposed: USFDA, MHRA, MCC and TGA & WHO.

### **D. VISWANATHA REDDY – Director**

**Professional Experience: 30+ Yrs with B. Tech Electrical Engineering & MBA Pharma.**

Experienced in projects of Pharmaceuticals (Oral solid dosages, sterile products, Liquids) and biotechnology. Worked as an employee with Indian Immunologicals Ltd, Dr. Reddy's Ltd, Pfizer and Hospira Healthcare. Expertise in Pharma Process & MEP Systems. Regulatory Audits Exposed: USFDA, MHRA, MCC, TGA & WHO.

### **A. BHANU PRIYA - Structural Consultant**

**Total Professional Experience: 20+ Yrs Civil Engineering, & M.Tech – Structural.**

Having exposure and involvement in design consultancy services with the following companies: Aurobindo Pharma Ltd, Cipla Ltd, Hetero Drugs Ltd, and Aurobindo Pharma Ltd, Covalent Pharma Ltd, Erythro Pharma Pvt. Ltd, Glochem Industries Pvt Ltd, Hospitals & Institutions. Expertise in RCC structures.

## **Y.R.K REDDY – Process SME**

**Professional Experience: 30+ Yrs. with B. Pharm from Amravati University.**

Experienced in formulations of Injections, Pessaries, Bio-adhesives, Liquid Orals, Dry Syrups, Nasal drops, Topical formulations, and Oncology formulations, Cosmetic Gels, Probiotics, Nutraceutical, Biotech, Natural products Tablets and Capsules. He worked with companies like IDPL, ISSAR Pharma, Virchow Biotech and Jupiter Biosciences. He actively participated in the introducing new technologies and new product developments with academic universities like M.S Baroda University, Manipal University, IIIM Jammu, JNTUC Hyderabad and Central university of Hyderabad.

Certifications: NDA, Uganda & PIC'S Certified (52 Countries).

## **V. VISHNU - Structural Consultant**

**Professional Experience: 20+ Yrs Civil Engineering. M.Tech - Structures (IIT Kanpur).**

Having exposure and involvement in design consultancy services with the following companies: WS Atkins, DuPont, MW Hitech Projctcs, Malt McDonalds, Cyeint and L&T Infrastucture.

## **RITIKA ANAND –Architect**

**Professional Experience: 12 Yrs B.Tech in Architecture.**

Having exposure and involvement in design consultancy services for the following projects. DBS Asia Hub 2 - Nanakramguda, Hyderabad, Ctrl S – Bangalore, PwC Office - Delhi and Gurgaon, GGMA Office – Gurgaon, Make My Trip Office – Delhi, Gurgaon, Chennai, Affinity Salon – Delhi NCR (8 sites), The Bake House Bakery shop – Delhi, Residential projects (Construction and interior design)(10 sites) – Hyderabad, Delhi NCR, Government Project – Convention Centre – Bihar, Modular Kitchen Designs – Delhi NCR, Landscape design (Area – 7 acres) – Delhi. Expertise: Planning, Sketching, AutoCAD drawings, Sketch up 3d views, vendor coordination, Material selection, BOQ, Site coordination.

## **R G REDDY- Fire & Plumbing Consultant**

**Professional Experience: 15 Yrs. B. Tech Mechanical Engineering & MBA (HR).**

Expertise in Plumbing and Fire Fighting Systems.

## Why choose us?

Embarking on a project journey is a significant decision, and choosing the right partner is crucial for its success. At PS Consultants & Associates, we offer a distinctive blend of expertise, commitment, and innovation that sets us apart. Here's why you should choose us:

### **Proven Expertise:**

- **Diverse Industry Experience:** Benefit from our rich and varied experience across sectors, including pharmaceuticals, information technology, and commercial facilities.
- **Successful Project Track Record:** Our proven track record in setting up pharmaceutical facilities and managing diverse projects showcases our capability and reliability.

### ✓ **Concept to Commissioning Solutions:**

- **Holistic Approach:** We provide end-to-end solutions, from conceptualization and design to project management, procurement, and site management.
- **Seamless Integration:** Our expertise covers the entire project lifecycle, ensuring seamless integration and efficient execution from concept to commissioning.

### ✓ **Innovation and Concept Engineering:**

- **Early Collaboration:** Partnering with us early in your project allows for innovative solutions and performance enhancements through our Concept Engineering strength.

### ✓ **Technical Precision in Engineering:**

- **Tailored Designs:** Our Basic and Detailed Engineering services provide tailored designs, ensuring functionality and regulatory compliance.

### ✓ **Cost-Effective Solutions:**

- **Procurement Assistance:** We combine cost-effectiveness with technical expertise in procurement, ensuring alignment with project requirements.

✓ **Regulatory Compliance and Validation:**

- Good Documentation Practices: In Qualification and validation, we follow stringent good documentation practices to ensure regulatory adherence.
- Expert Assistance: Our experienced team provides valuable assistance throughout the qualification process, ensuring project success.

✓ **Client-Centric Approach:**

- Collaborative Partnership: We view each client as a partner, working collaboratively to understand unique needs and deliver tailored solutions.
- Transparent Communication: Our commitment to transparent communication ensures that clients are informed and involved throughout the project.

✓ **Sustainable and Innovative Solutions:**

- Sustainability Focus: Our commitment to environmental responsibility is reflected in our sustainable solutions with innovative technology.
